

Educational Visits Policy

2021 – 2024

Date reviewed and adopted:	20 th April 2021
Reviewed and adopted by:	Full IEB
Approved by:	Louise Evans (Chair of IEB)
Next review due:	April 2024

1 Introduction

- 1.1 Educational visits are activities arranged by or on behalf of the school, and which take place outside the school grounds or in school. The governors and teaching staff believe that educational visits can supplement and enrich the curriculum of the school by providing experiences which would otherwise be impossible. All off-site activities must serve an educational purpose, enhancing and enriching our children's learning experiences.
- 1.2 In this policy, we seek to establish a clear and coherent structure for the planning and evaluation of our educational visits, and to ensure that any risks are managed and kept to a minimum, for the safety and health of all pupils at all times. Within these limits, we seek to make our visits available to all pupils, and wherever possible to make them accessible to those with disabilities. The visits usually take place within the school day.

2 Aims and objectives

- 2.1 The aims of our educational visits are to:
- enhance curricular and recreational opportunities for our pupils;
 - provide a wider range of experiences for our pupils than could be provided on the school site alone;
 - promote the independence of our children as learners, and enable them to grow and develop in new learning environments.

These visits begin with short excursions into the local area in the Early Years, and progress to a residential experience towards the end of Key Stage 2.

3 Curriculum links

- 3.1 For each subject in the curriculum, there is a corresponding programme of activities (which includes visits to the school by specialists). All these activities are in line with guidance published by the LA examples may include:
- English – theatre visits, visits by authors, poets and theatre groups;
 - science – use of the school grounds, visits to botanical gardens;
 - mathematics – use of shape and number trails in the local environment;
 - history – castle visits, study of local housing patterns, local museums;
 - geography – use of the locality for fieldwork, village trails;
 - art and design – art gallery visits, use of the locality;
 - PE – a range of sporting fixtures, extra-curricular activities, visits by specialist coaches;
 - music – a variety of specialist music teaching, extra-curricular activities, local schools' orchestra, concerts for parents to hear;
 - design and technology – visits to local factories or design centres;
 - ICT – its use in local shops/libraries/secondary schools, etc;
 - RE – visits to local centres of worship, visits by local clergy.
 - PSHE and citizenship – visit to the fire station or an old people's residential home, visits by local police officers and health workers.

4 Residential activities

- 4.1 Children in KS2 have the opportunity to take part in a residential visit.

5 How visits may be authorised

- 5.1 The headteacher will appoint a party leader to be responsible for running the activity. This will normally be a teacher employed at the school.

5.2 The school's educational visits coordinator, who may be the headteacher, will be involved in the planning and management of off-site visits.

S/he will:

- ensure that risk assessments are completed;
- support the headteacher and governing body in their decisions on approval;
- assign competent staff to lead and help with trips;
- organise related staff training;
- verify that all accompanying adults, including private car drivers, have had satisfactory police checks, to make sure that all necessary permissions and medical forms are obtained;
- keep records of visits, and ensure that there are regular generic assessments of the risks (e.g. road-crossing) where there are frequent visits to local venues (e.g. a swimming facility).

Staff arranging or otherwise involved in off-site activities must familiarise themselves with the regulations, advice and procedures published by the LA (and available from the school office). All off-site activities must take place in accordance with the LA's instructions.

5.3 Where staff are proposing to arrange an off-site activity, they must seek and obtain the approval of the headteacher before any commitment is made on behalf of the school. A comprehensive visit plan should be provided by the member of staff to allow for an informed decision to be made.

5.4 It is our policy that all children should be able to participate in educational visits. Where a child with a disability is eligible for a trip, we will make every effort to ensure that s/he is included. We may seek guidance from parents to help us to adapt our programme, and we will make any reasonable adjustments to our itinerary to include a child with disabilities. Any such adjustments will be included in the risk assessment.

6 Risk assessment

6.1 A comprehensive risk assessment is carried out by the group leader before the proposed visit. It will assess the risks which might be encountered on the visit, and will indicate measures to prevent or reduce them. The risk assessment should be based on the following considerations:

- What are the hazards?
- Who might be affected by them?
- What safety measures are needed to reduce risks to an acceptable level?
- Can the group leader put the safety measures in place?
- What steps will be taken in an emergency?

6.2 Staff planning an off-site activity should make a preliminary visit to the venue, in order to carry out an on-site risk assessment. It is important to take into account the probable weather conditions at the time of year proposed for the trip, and the party leader should take careful account of the facilities available, with due regard to the proposed size of the group. S/he should also assess the site's suitability with regard to the age and any particular needs of the children. S/he will also consider the venue's own approach to security and to health and safety. Venues providing instructor-led activities will have their own risk assessments for particular sessions, and these assessments may be adopted if it is impractical for the group leader to experience the activity beforehand, or if s/he lacks the skills required to make informed judgements about the risks it may involve. The LA will not have given its approval for the visit unless it is satisfied with the venue, its instructors and their risk assessment procedures.

6.3 It is important to assess and record any health, safety or security issues that are identified during the preliminary visit. Any such issues will be taken into account when the final decision is taken on whether the visit should proceed, and the Visit Plan must state both the extent of any risks involved, and the measures that will be taken to reduce or eliminate them. The cost of these preliminary visits will be borne by the school, and should be built into the overall financial arrangements for the visit itself.

6.4 An activity should normally have sufficient adults taking part to provide the following minimum ratios:

- 1 adult to between 10 and 15 pupils in Years 4 to 6;
- 1 adult to 6 pupils in Years 1 to 3;
- 1 adult to 5 pupils in Early Years.

Any trip will require a minimum of two adults. However, these are minimum requirements, and may not provide adequate supervision in all cases.

6.7 A copy of the completed risk assessment will be given to the headteacher and Educational visits co-ordinator before the trip and be agreed upon.

7 *Transport*

7.1 The costing of off-site activities should include any of the following that apply:

- transport;
- entrance fees;
- insurance;
- provision of any special resources or equipment;
- costs related to adult helpers;
- any refreshments that the school has opted to pay for.

7.2 Transport arrangements will allow a seat for each member of the party. It is our policy only to use coaches fitted with seat or lap belts, and to insist that they be worn by all those participating in the visit.

7.3 Where private cars are used for transport, the group leader is responsible for checking that the insurance of each driver covers such journeys, and double-checking that each driver has been subject to the normal police checks (see 5.2).

8 *Communication with parents*

8.1 The parents of children taking part in an off-site activity should be provided with all appropriate information about the intended visit. Parents must give their permission in writing before a child can be involved in any off-site activities.

8.2 Funding for off-site activities is provided mainly by parental with a limited subsidy from the parent-teacher association in certain cases. This must be made clear to parents in all correspondence about an educational visit at the planning stage.

8.3 No child may be excluded from an activity because of the unwillingness or inability of the parent to make a contribution. Parents will be informed of this principle through the school prospectus and letters sent home about intended visits.

8.4 The timetable for the payment of contributions should allow for the headteacher to make a decision about the financial viability of the activity in reasonable time. If necessary the headteacher can cancel a trip due to insufficient contributions towards the cost.

9 *Further health and safety considerations*

9.1 All adults accompanying a party must be made aware, by the party leader, of the emergency procedures which will apply. Each adult should be provided with an emergency telephone number. This will normally be the school number, but where an activity extends beyond the normal school day, the home telephone number of a designated emergency contact should be provided.

9.2 Before a party leaves school, the school office should be provided with a list of everyone, children and adults, travelling with the party, together with a programme and timetable for the activity.

9.3 The safety of the party, and especially the children, is of paramount importance. During the activity, the party leader must take whatever steps are necessary to ensure that safety. This

involves taking note of any information provided by medical questionnaire returns, and ensuring that children are both safe and well looked after at all times.

- 9.4 Prior to an activity, if it is felt that the behaviour of an individual child is likely to compromise the safety of others or the good name of the school, the party leader should discuss with the headteacher the possibility of excluding that child from the activity.
- 9.5 More detailed guidance on procedures and requirements can be obtained from the LA's Off-Site & Hazardous Activities File held in the school office.

10 Group leaders' planning

10.1 Group leaders must read thoroughly the appropriate guidance for off-site activities:

- CCC Policy for School Visits and offsite activity Sept2018:
- CAMDAS Minibus Training Scheme and Policy
- 'Group Safety at Water Margins' (DfES 2002)

They must consult the LA's documentation detailing procedures and requirements, including guidance on Emergency Planning and Crisis Line organisation, and must draw up a Visit Plan which records in writing (including standard forms, where appropriate) the arrangements that have been made.

11 Visit Plan

11.1 The Visit Plan for intended educational visits must include the following:

- risk assessment;
- report on preliminary visit;
- applications for approval of visit;
- general information;
- names, ages, contact details, permission forms, medical records and other relevant details of all those going on the visit;
- travel schedule;
- accommodation plan (if applicable);
- full plan of activities;
- fire precautions and evacuation procedures;
- intended arrangements for supervision;
- insurance arrangements for all members of the group;
- emergency contacts and procedures;
- general communications information;
- guidance for party leaders;
- guidance for the emergency contact and headteacher;
- medical questionnaire returns;
- first-aid boxes.

12 Travelling in cars belonging to volunteer drivers– further health and safety considerations

- 12.1 Booster seats will be used for those pupils who need them. Insurance documents will be provided for those drivers who have volunteered to use their cars for educational visits. The HT will check the relevant paperwork prior to the visit. All pupils travelling in volunteer cars will travel in the rear seats of the car with seatbelts on.
- 12.2 Wherever possible and practicable it is advisable that transport is undertaken other than in private vehicles and with at least one adult additional to the driver acting as an escort.

13 *Monitoring and review*

13.1 This policy is monitored by the governing body and will be reviewed every three years, or before if necessary.

The current Guidance for Safer Working Practice document for those working with children and young people in education settings will be followed at all times.
